DOCKET No. 1:01 -CV-00756  
AMENDED COMPLAINT TO PETITION  
FOR WRIT OF HABEAS CORPUS

FILED

JAN 25 2002

PER  
HARRISBURG, PA DEPUTY

MOTION FOR ACQUISITION OF MOTHER'S INS FILE

PRELIMINARY STATEMENT

Petitioner has propounded this court repeatedly with petitions to validate his derivative citizenship. primarily for two reasons:

1. Petitioner recalls his mother on several occasions saying to him and his siblings, that because of her we all are United States Citizens.
2. When petitioner worked for the New York Transit in 1974, he was required to become a U.S. citizen. When petitioner applied for said citizenship his job received a letter that stated that petitioner had already acquired U.S. Citizenship.

Petitioner at this time petitions this Most honorable court to acquire his mother's INS file to ascertain whether his mother filed for his citizenship under 322(a) ACT 8 U.S.C. 1433 (a), when she had naturalized. Petitioner had filed a F.I.O.A. but was refused the file by the service in 1998.

Pursuant to 28 USC 1746, I declare under penalty of perjury that the foregoing is true correct.

Date. 01-13-2002.

Respectfully submitted
